TOP TEN REASONS TO MAKE A WILL

PREPARE YOUR WILL

It is extremely important that everyone has a valid will and creating a legally binding will and powers of attorney at our office can be a cost-efficient option. Without a valid will, assets are passed to beneficiaries according to statutory guidelines, and succession laws, which may or may not reflect your wishes. Also, without a will, the court would need to approve who acts as your executor, and who looks after your minor children, if any. These issues can be easily addressed by creating a will.

OUR COMMITMENT

Woitizik Polsinelli LLP's commitment to individualized, professional service assures our clients that their interests are protected, and as a result, generations of clients have come to us to serve their estate needs. Our lawyers develop detailed knowledge and appreciation of their client's personal and business interests. As a result, our lawyers are in a unique position to anticipate the needs of our clients and to work with them to craft wills and estate plans that properly satisfy those needs.

2. Appoint an Executor of your choosing
